OUR BUSINESS

- **A tea estate with a heavenly atmosphere for tea appreciation on the coastal foothills of the mountains.**
 - **FORMAY brand of high-quality black teas made from organic young leaves.**
 - **Natural tea farming using manual techniques by the meticulous founder Pyeong-sik MOON.**
-

CHEONBO Tea Garden, which means "heavenly treasured tea estate," is located in the southern region of Boseong County. The Estate lies 400 meters above sea level on 45-degree sloped mountain foothills anointed by the wind and mist of the sea coming in from the south, surroundings which have proven to be ideal for the cultivation of one-of-a-kind superior teas.

CHEONBO Tea Garden has received numerous awards at domestic and international competitions for its handmade teas using traditional methods with only top-quality young leaves harvested from organically farmed wild tea trees. Its FORMAY brand of black teas has in particular been recognized as an outstanding tea.

OUR BRAND

About FORMAY Teas

All FORMAY teas are exclusively grown at a single estate and exhibit well-balanced characteristics in their theaflavins and thearubigins, for a superior taste, aroma, and color. The tea leaves are harvested between April and July, and come in a range of flushes:

1. FORMAY First Flush Tea (April) - Made with fine young tea leaves harvested before April 20 (FOP grade).
2. FORMAY Second Flush Tea (May) - Made with young tea leaves harvested in May (OP grade).
3. FORMAY Summer Flush Tea (June) - Made with tea leaves harvested in June (OP grade).
4. FORMAY Autumnal Flush Tea (July) - Made with mature tea leaves harvested in July.
