OUR BUSINESS

-
- A tea plantation steeped in tradition, with the farming of tea by five generations since the 1930s.
 - Boseong's representative exporter of lines including tea blends.
 - Luxury line "Gold Tea."
-

Established in 1937 in Boseong County – one of three major tea-producing regions in Korea – Bohyang Tea Co. Ltd. is a famous tea producer with a deep history spanning over 80 years.

Bohyang Tea Co. Ltd. produces a "coin tea" that has since the olden days been made in the southwestern region of Korea, preserving from generation to generation a cultural remnant at risk of extinction, by keeping to the traditional method employed in homes.

The first of its kind developed in the world, our gold tea produced in limited quantities each year contains gold minerals and is loved by those who discern its value. We promote this and other Korean tea products including our tea blend series to the global market through the export of raw materials and bulk tea.

We are also actively engaged in running hands-on tea-making programs for those around the world who want to experience the tea of Boseong.
