OUR BUSINESS

The Boseong Green Tea Producers Association has been contributing to the development of Korea's tea industry at its heart in Boseong County of Jeollanam-do Province, serving as a bridge for the collective interests of around 600 individual farmers and shaping relevant policies at the county and provincial levels.

We manage the facilities of the Boseong Green Tea Processing Center and, with the expertise of our tea masters, can provide a range of services including production and sourcing of green, black, and herbal teas, and supply through OEM and ODM.

Purchase of Tea Leaves from Around 600 Member Farmers

Laying the groundwork for raw materials and product development with the manufacturing of uniformly organic tea.

Supply to Organizations and Companies

Developing and producing tea products through OEM and ODM.

R&D and Market Research for New Products
